Hello,

The San Salvador, the full-scale replica of the first European vessel to explore California's coastline, will make her first voyage to San Pedro at the [Los Angeles Maritime Museum](#), October 6-11, 2017. San Salvador's visit commemorates the 1542 expedition led by explorer Juan Rodriguez Cabrillo aboard the original San Salvador. Among his travels, Cabrillo sighted San Pedro Bay as well as present-day San Diego Bay, where the full-scale, seaworthy replica of his flagship galleon was built by skilled shipwrights and volunteers under the auspices of the Maritime Museum of San Diego.

San Salvador dockside tours are scheduled Friday, October 6 through Sunday, October 8 from 10:00 am to 4:00 pm and in addition to the ship tours, 4-hour day sails will be offered aboard San Salvador. Please see the e-mail below for further information and please feel free to share this information with your contacts and the entire community!

Sincerely,  
Augie Bezmalinovich
